[Intro]

[Verse 1]

*Somewhere I thought it was my story
I forgot myself and I was like you
And I walked around the streets were for me
I swallowed myself and I smelled like you
And I spent my time with the rich eh yeah
It was awkward for me it was awkward for you
It remains away from you you you you*

[Chorus 1]

*Hey Molly hey Moll
What you did for me
Hey Molly hey Moll
Feel my suffering please
Hey Molly hey Moll
It' wasn't that much for me*

[Verse 2]

*Somewhere I thought I was a monkey
I remained all the night on my refugee skin
And I spent all the night all the truth was for me
I remained all the night I was felt like a owl and
I spent all my time
We gotta get higher
I wanna get high but I don't know how
It remains so far from you you you you*

[Chorus 2]

*Hey Molly hey Moll
What you did for me
Hey Molly hey Moll
Feel my suffering please

[Verse 1]

*I don't wanna hear on this sunny day
I don't wanna feel that way that much
I don't wanna dream on the other hand
All the day long anymore*

*Whatever we have it's a lack of guts
Wherever we go it's a hollow fest
I keep on driving in my car
Now there's a song about it*

[Chorus 1]

*But you you
You're always on my mind
You you
I don't know anything else*

[Verse 2]

*Slept through this way way too far
I'm tired of restoring this borrowed dress
I go ask anyone I trust
But you're not 'round*

*I don't wanna hear on this smoggy day
Slept through this way way too much*

*Time can hurt but sometimes may heal
That's the fundment of many things*

[Chorus 2]

*But you you
You're always on my mind
You you
I don't know anything else*

[Solo]

[Chorus 3]

*But you you
You're always on my mind
You you
I don't know anything else*
